

2021-22 Udayan Care USA Annual Report

Overview

Udayan Care USA (UCUSA) was incorporated in 2009 by Udayan Care's international volunteers and donors Jesse George-Nichol, Ricky Surie, and Seth Call—as well as Dr. Kiran Modi, founder of Udayan Care India. UCUSA was established to improve the lives of disadvantaged women and children in India and to spread awareness of their plight in the United States.

In second half of 2021 and first quarter of 2022, UCUSA was excited to start three new *Endowment Trust Funds* which our new, ambitious and generous donors helped us with a combined total of \$30,000. The interest earned from these endowments have started funding new, promising and deserving girls for their college education via our *Udayan Care Shalini Fellowship (USF)* program. We profoundly thank our new donors (A) Mr. Sanjeev Dhand and his funding team of four members for initiating *Dhand Endowment Trust Fund* and (B) Ms. Anjaneya Puppala and her funding team of three members for initiating the *Sri Swami Shivom Tirth endowment Fund* and the *Sri Swami Vishnu Tirth endowment Fund*.

The current Board members are Deepak Sharma and Dr. Kiran Modi (both in India); Jesse George-Nichol (in California); Shraddha Gupta, Minnie Singh, Rakhi Agarwal and Anitha Kosanam (in Ohio); and Netoo Sethi (in Alaska). The Board's diverse geographic distribution promises increased awareness-building and fundraising efforts to further to goals of Udayan Care USA in the future.

Events

Ms. Shilpi Chatterjee, a long-time volunteer of the UCUSA, successfully organized two fundraisers during the fall 2021 Indian festival season raising about \$545. Shilpi, with assistance from UC USA Board, arranged two events to raise both awareness and funds for UCUSA's Ghar (Child home) program. Please see a few pictures below from this fundraiser.

Udayan Care USA also launched two online campaigns to support Udayan Care's *Emergency Relief Fund (ERF)* one during summer of 2021 and the other during *Giving Tuesday in November 2021*. We raised approximately \$13,600 that went toward food and medical supplies for the Ghar and USF programs.
